Profile

Economist with advanced R and SQL, two years at PwC on audit engagements, and a 1.0-graded master's thesis built on five million administrative records. Takes a question from raw data to a defensible result and explains it to people who are not economists. Available from October 2026.

Education

University of Cologne

Cologne, Germany

M.Sc. Economics, 120 ECTS. Overall 1.6 (German scale, 1.0 highest)

Oct. 2023 – Sep. 2026

- Master's thesis **1.0**. Mathematics for Economists **1.0**. Econometrics **1.3**.
- Erasmus+ exchange semester, RSM Erasmus University Rotterdam: Asset Pricing, Derivatives Valuation.

University of Cologne

Cologne, Germany

B.Sc. Economics, 1.6. Dean's List

Oct. 2019 – Feb. 2023

- Statistics **1.0**. Corporate Finance **1.0**. Applied Econometrics **1.3**.

Professional Experience

PwC Germany

Düsseldorf, Germany

Intern and Working Student, Assurance Solutions

Mar. 2023 – Jul. 2025

- Worked two consecutive annual audits for the same client and supported documentation on several smaller engagements: variance analyses and plausibility checks (HGB/IFRS) for clients with balance sheets above EUR 500 million, sustainability disclosures under ISAE 3000, and internal control testing.
- Analysed large data sets in Excel, including KPI tracking and forecasting for the engagement team, and identified key business drivers and risks with senior associates and managers for audit reports and management letters.

Alongside Studies

Nespresso (Nestlé)

Cologne and Düsseldorf, Germany

Product Adviser, part-time. Premium retail, direct customer contact

since Jan. 2026

Skills and Languages

- **Programming and tools:** R (advanced: `did`, `fixest`, `tidyverse`, `ggplot2`), SQL and BigQuery, Python (basic), MS Excel (advanced), Power BI, $\text{\LaTeX}$, Git.
- **Methods:** Causal inference (difference-in-differences, instrumental variables), panel data analysis, regression diagnostics, forecasting, data visualisation.
- **Languages:** German (native), Tunisian Arabic (native), English (C1, IELTS Academic 8.0), French (B1, DELF).
- **Interests:** economic geography, modern history, fashion, football, Formula 1 and tennis.

Selected Research

- **Master's thesis**, grade 1.0, 30 ECTS. Labour-market returns to a national scholarship programme across 558 regions, 2005–2019, on five million linked employer–employee records built alone in R through BigQuery, using the Callaway and Sant'Anna (2021) staggered difference-in-differences estimator.
- **Seminar paper**, grade 1.3. *From Boom to Bust: The Role of Subprime Mortgage Credit in the 2007 U.S. Housing Crisis*, on the competing explanations of the 2002–2005 subprime expansion.
